This app has no advertisements More Info:Q: Symphony2 FOS REST Bundle - routing "index" to "master" I want to route the "/" (index) page for my web app to the backend url "/master", without changing the default FOS REST bundle routing. Right now, my routes.yml looks like this: fos_rest: resource: "@FOSRestBundle/Resources/config/routing.yml" Now I want to route "/" to "/master". (Which is the default router configuration, since I'm using the master config by default.) How can I achieve this? A: Found a solution. I created a route: `_/home: pattern: / defaults: { _controller: AppBundle:Default:index } 7)` we found the BMI of patients who were hospitalized with COVID-19 to be higher compared to the general population, thus confirming the association between obesity and negative outcome of the disease ([@bib27]). Moreover, in patients with SARS or MERS, we found an increased risk of fatal outcome in obese subjects compared to non-obese subjects, suggesting a possible role of obesity in the severity of the COVID-19 disease ([@bib8]; [@bib9]; [@bib11]). However, in a cohort of patients with COVID-19, we were unable to demonstrate any significant effect of BMI on outcome in terms of the need for ICU admission or in-hospital mortality in a multivariate analysis ([@bib20]). Two factors may have contributed to this apparent discrepancy in our cohort: in our cohort, we compared patients with no comorbidities to patients with 1--2 concomitant comor
