Retro Racer has many similarities to the popular arcade driving game: Roadblasters! There are 4 different tracks with different post effects, each of which is created to be challenging to be the best player in the whole world, and, depending on the level, it will require fast speed and outstanding control in order to be the best. This virtual game will have neon lights, a fantastic city, awesome music, cool graphics and more, all paying homage to the glorious 80s. The retro future is a level where cars fly off the side of the road and careen in the air, along with the highway lights illuminating the road. In this retro future, we are surrounded by neon signs and advertisements of the most retro products, even in a futuristic setting. The game includes a futuristic arcade mode with retro cars, a mode with an energetic soundtrack that will transport you to your favorite segment from the 80s, a race mode with no time limit, or a mode where you can try for speed records and set fast times. All the cars are very detailed, and the design is authentic and resembles the prototypes. Based on a very popular arcade racing game, Retro Racer will have 4 different tracks, like all the most famous arcade racing games on the platform. Each track will have its own characteristics. We will have the neon background that shines in neon lights, the urban cycle that leads us to the fabulous future. Special effects like GLITCHES and ANALOG SYNTHESIZERS are included in the retro futuristic city. This will allow you to feel the epic atmosphere of this game while you play. We will give you nostalgia for the 80s by featuring retro graphics and music as well as some analog synthesizers that will blow your mind. You will be racing in the same car as the famous Mat Hoffman and at the wheel of his car, you will have to chase your opponents on the desert and take part in a motorcycle race. Based on an extremely popular arcade racing game, Retro Racer will offer 4 different tracks, each with its own characteristics. This will allow you to experience the futuristic neon

atmosphere of the game with neon lights, moving into the 'good old days'. Special effects like GLITCHES and ANALOG SYNTHESIZERS will allow you to feel the epic atmosphere of this game while you play, including the retro futuristic neon city. The first level will allow you to enjoy 8 different locations in the desert and the highlands with different GLITCHES and ANALOG SY
