The Adventures of Jason and the Argonauts () is the title used in Russia for an abridged version of the Argonautica by Apollonius of Rhodes. The literal translation of the Russian title is Adventures of Jason, Whereby he Comes to Know and Cherish of the Fell Cherish of Heroes, and His Own Glory. He becomes the ruler of these regions, conquers the cities, subdues the monsters and encounters monsters until reaching the top of the mountain. Perseus returns to Greece with his prisoners, and also discovers the "Book of the Sun", which opens and directs the Pha
