How to sell points

1. Choose a Bitcoin wallet (we recommend storing your coins in the Dash Wallet because of its ease of use and security).
2. Decide on how many points will you be selling. For example, should it be 10, 20 or 50 points (or any other number, but without negative balance).
3. Register and buy points.
4. After you have purchased points, you will be assigned an order number. At the moment, you can buy points using P2P market and registration is free (your order will be registered).
5. When you receive the points, follow the instructions on the website and send them to the wallet address assigned to you.

How to buy points

1. Go to the Dash Wallet and register an account. You can use the free option (no credit card required) and when you have a wallet address you can log in using the credentials that you have in your Dash Wallet.
2. When you log in, choose a currency you want to purchase points with. In this example it will be US dollars, just

click the 'purchase' button. 3. Fill in your address for receiving bitcoin on the next screen. You can use the default value or choose a custom one if you want, all that is required is to enter the nine-digit code that you will receive in a few minutes after successful purchase. 4. Proceed and select the number of points you want to buy. The current rate is 1 point equals 0.000625 USD. 5. To finalize the purchase, click 'confirm'. You will be transferred to the Dash Wallet to see the transaction details. 6. Once the sale is confirmed, you will get your US dollars and your bitcoin wallet address. You will have a small transaction fee, but you can check details in the Dash Wallet.
